

# Preventive Therapy Drug Benefit

## Preventive Therapy Drug Benefit

Starting in 2017, CDHPs will bypass the deductible for certain preventive drugs. Members who choose a LivingWell or Standard CDHP will be able to obtain preventive drugs listed on the Preventive Therapy Drug Benefit list and bypass the deductible, paying only the co-insurance amount.

This preventive therapy drug benefit includes preventive therapy drugs that help prevent disease, or help manage existing conditions, helping to avoid further medical complications. You can find a list of the prescriptions on the Preventive Therapy Drug Benefit list at [kehp.ky.gov](http://kehp.ky.gov).

For more information, call CVS/Caremark at 866-601-6934.
